## Feedback Question on Curriculum

### Students:

1. Rate the syllabus of the courses that you have studied in relation to the competencies expected out of the course.
2. Rate the sequence of the courses based on prerequisite knowledge acquired in the previous semesters.
3. Rate the add on programs conducted during the course of study to augment domain knowledge.
4. Rate the co-curricular activities that enhances the knowledge and skill.
5. Rate the training given to improve ICT skills.
6. Rate the percentage of courses having LAB components.
7. Rate the experiments in relation to the real-life Applications.
8. Rate additional and design-based experiments to provide hands on training.
9. Rate the offering of the electives in terms of their relevance to the specialization streams.
10. Rate the electives offered in relation to the Technological advancements.
11. Rate the scope for self-learning or learning content beyond syllabus while designing the courses.
12. Rate the relevance of the learning materials to the Courses.
13. Rate the courses in terms of sequence on offering considering whether the preceding courses have been covered.
14. Rate project work in terms of technical guidance, material support and allocation of lab timing.
15. Rate the evaluation schemes designed for each of the courses.
16. Rate the course objectives and outcomes for each of the courses.
17. Rate the composition of the courses in terms of Basic sciences, Engineering Core, Engineering breadth, Electives, Humanities and Project.
18. Rate skill enhancement initiatives that shape the personality of students.
19. Rate career counselling, guidance for competitive examination and programs that enhances aptitude and reasoning level of students.
20. Rate the motivation given for students to participate in extra-curricular activities.

## Feedback Question on Curriculum

### Teachers:

1. Rate clarity and appropriateness of the Learning objectives and outcomes of the Courses.
2. Rate the quality of text books/ reference books of the courses
3. Rate the distribution of contact hours among the course components
4. Rate the electives offered in the program emphasize technological advancements
5. Rate the effectiveness of the system and processes followed by the university in design and development of curriculum
6. Rate the provision to update curriculum time to time
7. Rate the balancing between theory and practical in the curriculum
8. Rate additional and design based experiments to enriches self-learning
9. Rate lab components in the curriculum gives rich hands-on training.
10. Rate the add on programs conducted during the course of study to augment domain Knowledge.
11. Rate the scope in the curriculum to incorporate and deliver content beyond syllabus
12. The curriculum and Syllabus are well organized and suitable to the program

## Feedback Question on Curriculum

### Alumni:

1. Rate relevance of the courses in relation to the program
2. Rate the courses that you have learnt in relation to your current Job
3. Rate the offering of the courses in relation to the specialization streams
4. Rate the sequence of the courses included into the programs
5. Rate the courses which are skills-oriented cater to the industry needs
6. Rate the competencies in relation to the course content
7. Rate the relevance of lab experiments in solving real time problems
8. Rate the offering of the electives in relation to the Technological advancements
9. Rate the courses in the program which helps to excel in the current job
10. Rate the relevance of the application and the tools used for designing the experiments in terms of existing practices in the industry
1. Rate relevance of the courses in relation to the program
2. Rate the courses that you have learnt in relation to your current Job
3. Rate the offering of the courses in relation to the specialization streams
4. Rate the sequence of the courses included into the programs
5. Rate the courses which are skills-oriented cater to the industry needs
6. Rate the competencies in relation to the course content
7. Rate the relevance of lab experiments in solving real time problems
8. Rate the offering of the electives in relation to the Technological advancements
9. Rate the courses in the program which helps to excel in the current job
10. Rate the relevance of the application and the tools used for designing the experiments in terms of existing practices in the industry

## Feedback Question on Curriculum

### Employer:

1. Rate relevance of the courses in relation to the program
2. Rate the sufficiency of the courses related to the industry that are included in the program
3. Rate the relevance of the topics in the courses to the industry requirements
4. Rate the courses which are skills-oriented cater to the industry needs
5. Rate the experiments in terms of their relevance to the real-life applications
6. Rate the competencies in relation to the course content
7. Rate the hands-on training in labs and workshops embed in the syllabus which enhances industry readiness
8. Rate the offering of the major courses in relation to the specialization streams
9. Rate the relevance of the application and the tools used for designing the experiments in terms of existing practices in the industry
10. Rate the offering of the electives in relation to the Technological advancements
